Some Forms of Rheumatism Curable.

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and chronic rheumatism, rheumatic headaches, sciatic rheumatism and lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially rheumatic pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is all medicine." EVILS OF CONSTIPATION.

Those who are habitually troubled with constipation and who permit their bowels to go two or three days without an operation have little relish for their food. Their stomachs become disordered, they have piles and kidney diseases. No one can reasonably hope for good health unless his bowels move once a day. If they do not move naturally they should be helped, and for this purpose you will find no better medicine than Chamberlain's Tablets. Obtainable everywhere.—Adv.
